

A stay to remember!

Talk to your hotel room to control everything:

Welcome to smart hotel room. A hotel room that anticipates the needs of its future guests and its staff. A hotel where service meets technology and sustainability. And where comfort, quality and luxury are never compromised.

With a Tablet, smartphone or voice control, guests can control drapes, lights, temperature, TV, music, as well as schedule wake-up calls, request concierge service and more. And through one easy-to-use interface, hotel staff is always just one touch away from ensuring the best concierge service and a remarkable stay.

The "Smart Hotel Room" Solution works with 4- and 5-star properties - retrofit or new construction - to transform the guest experience and enhance hotel operational efficiency, creating a win for the property manager and a very special stay for the traveler. Our solution is 100% scalable so you can start small and dream big.

Smart Hotel Room is using one simple interface control, you can easily set the systems in the room to your personal preferences, including:

- Lighting levels
- Room temperature
- Television/video systems
- Music
- Wake-up scenes
- Drapes
- Service requests

From lights to music, from climate control to TV control.

Cutting-edge design meets cutting-edge technology

PLAY THE PERFECT SONG

Customize the music in any room to match your mood or activity.

CREATE A LIGHTING SCENERY

That sets the mood, saves energy, and suits the way you live your life.

SYNC YOUR PLAYLIST

Add a song on your mobile device and your hotel room syncs it automatically.

VOICE CONTROL

You can easily control functions of TV and Audio systems such as turning on/off your TV, changing channels, accessing apps and navigating the web using simple voice commands.

WATCH WHAT YOU WANT

Stream HD video from Netflix, Apple TV, Hulu & more - there's always something on.

How it all works together

Just a few Smart Room Control® products can already deliver a dramatic difference for the guest experience. Check our core multi room audio - solutions.

Better still, Smart Room Solutions seamlessly integrate with third-party management systems and applications, including locks, card swipes, mini-bars, shades, smart tv's and more. contact us for more information.

NuVo 3500 Player P3500

The P3500 provides state of the art features for today's digital multi-room audio systems. Additionally, the amplifier/ player devices are equipped to stream content from network stored audio, analog sources and several Internet streaming services such as Pandora™, SiriusXM™, Rhapsody™, Tune-In™ and others, this server melds perfectly with the Vantage audio solution.

Products

Multi-Room Amplifier 850D-DA

The cornerstone of the Vantage multi-room audio system is the 850D-DA Amplifier. With eight zones of audio distribution from twelve sources and highly efficient class D digital amplifiers, the 850D-DA is the most powerful amplifier from Vantage. For larger installations, an 850 system is scalable up to nine units, providing 72 zones of coverage.

Interfaces

Equinox 40 and 41 Digital Keypads

EQ40TB-TI and EQ41TB-TI

The Equinox 40 and 41 keypads are beautiful wall-mounted interfaces for the InFusion multi-room audio system. They feature full color, capacitive touchscreens and audio dashboards for quickly controlling music. You can easily control music in the room through the audio mini-widget and music for the whole home with scenes. View, play, pause or skip current song, album, artist, etc. from music servers, tuners or streaming services. Turn audio on or off or adjust volume plus much much more.

Equinox 73 LCD Touchscreen

EQ73TB-TI

The Equinox 73 touchscreen is a beautiful wall-mounted interface for the Vantage audio system. It features a full color, capacitive touchscreen and audio dashboard for quickly accessing music libraries and streaming services.

Widgets

Widgets for Equinox are designed to work specifically for use with the Vantage multi-room audio system, so using these core products will guarantee the best possible audio experience.
