

EXPERIMENTAL WINING & DINING

exciting & gastronomical experience

Create an exciting and unforgettable ...

BRING SPACES ALIVE

Imagine creating a dynamic space with the power to engage and attract, surprise and delight, uplift and inspire. One that's so flexible you can change it to reflect every mood, scenery and moment or enhance a corporate identity. That's the beauty of *Living Surfaces*. The new way to express emotions, add drama and bring spaces alive. Living Spaces is the perfect answer for guest experience restaurants, nightclubs and lobby areas.

LIVING SURFACES

(Interactive floors, walls and tables)

Living surfaces are breath-taking, interactive touch surfaces with lively contents you can touch, experience, play and interact with. Our digital created content is interactive and can swim, hop or fly on the floor, wall, ceiling or table, always responding to the movements of all the guest participating in the dinner. Privium Solutions uses projected 3D images and state-of-the-art motion capture technology to turn any space into a virtual magical play area, providing an exciting experience of fun and interaction. It creates a completely immersive environment, and uniquely inspiring experiences.

HOW IT WORKS

Living surfaces are a magical sync between people's actions and the animated 3D graphics on the surface. It consists of a highly sensitive optical sensors that observe people's activities. A state of the art graphic PC is running the software, living surface analyses the camera signals in real time and instantly generates breathtaking visual effects displayed by a ultra hd video projector or any other display technology for floors, tables and walls. living surface is developed by Priviums.

... gastronomic experience for your guests

Content Creation & Graphic Design

Use our standard content portfolio to add decorative effects, produce natural ambiances or reinforce a brand identity. Or customise the content to create your own personal look and feel. There are endless ways to play with colour, movement and light

Each effect is completely configurable, we can insert your own back-grounds, logos, videos, sounds, settings etc. very easily using built in configuration dialogues that are extremely easy to use. This enables customers to create an unlimited number of unique effects as well as having an unlimited amount of different 3d graphics.

Nevertheless, our design team is able to create and design the most complicated objects. We will present them so real that guest will be surprised and immersed. Use our knowledge & skills to express your dreams and ideas into reality and add more branded guest experiences into your venue!

Experience the Magic for Yourself!
